

Summary report

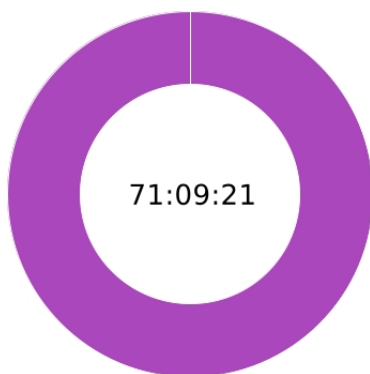

17/02/2025 - 23/02/2025

Total: 71:09:21 Billable: 01:37:00 Amount: 0,00 USD

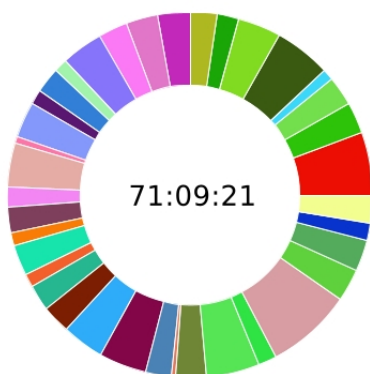

Project

6 qui prend !	71:09:21	100,00%
---------------	----------	---------

Description

Godot tutorial	02:00:00	2,81%
Specification + godot course	02:00:00	2,81%
fonctions + specifications w @Lounas	01:49:00	2,55%
Server spécification & Server VM w @Lounas	02:41:00	3,77%
Répartition travail vacances / Envoi documents / Orga général	00:50:08	1,17%
Specification&PseudoCode w @Lounas	01:37:00	2,27%
Card Design	00:53:06	1,24%

● nodeJS simple server trial on W3	02:15:00	3,16%
● Title Design Variations	00:24:43	0,58%
● specification with @omer about server	02:45:44	3,88%
● (followUp) relations-schema between client-server-data	01:16:44	1,80%
● Card and Title Design Figma Integration	01:35:33	2,24%
● Game Logo Design	00:51:11	1,20%
● fonctions algo logique du jeu	01:55:00	2,69%
● Setting up phpMyAdmin locally	00:50:16	1,18%
● Team Management	01:38:00	2,30%
● Lecture des travaux de la team + retour	01:46:00	2,48%
● le 23/02 j'ai approfondi mes connaissance sur le moteur godot aussi en suivant un cours sur udey sur la création d'un jeu game math que je fais en parallèle du cours et voici le lien : https://www.udemy.com/course/godot-video-games-math/learn/lecture/33602044#overview	02:40:00	3,75%
● setup server side w VM (got some issues for some reasons it didnt run properly ubuntu installation)	03:00:00	4,22%
● specification algo @omer	01:37:00	2,27%
● Godot High Level Multiplayer and WebSockets connection	00:15:48	0,37%
● Logic of 6TAKES w @Lounas	01:55:00	2,69%
● le 19/02 j'ai fait les recherches sur le jeu et j'ai fait les specifications du jeu que j'ai meme pousser sur git sur la branche bah pour pas tout melangé dans le dossier team_dev	03:20:00	4,68%
● Godot Getting started documentation	01:10:00	1,64%
● apprendre la techno godot 4 et j'ai développer mon 1er jeu le 16/02/2025 que je vais faire sur git plutard	05:25:00	7,61%
● Correcting the Db specif	02:00:00	2,81%
● Git + Continue on Godot Documentation + started a course on Godot that was proposed by the godot team	02:00:00	2,81%
● Card Design Exports	01:05:14	1,53%

● fonctions + specifications + UML + review Pcode w @Lounas	01:42:00	2,39%
● Specif of the DB	04:00:00	5,62%
● Godot video: what I wish I knew before learning Godot + started reading Documentation + download Godot Engine	02:00:00	2,81%
● Read/ make dev specification	01:50:00	2,58%
● Planif réunion + team management	00:43:00	1,01%
● fonctions + spécifications with lead dev @omer	03:32:33	4,98%
● Game Simulation - Figma	02:43:17	3,82%
● Card Design + Title - Post Feedback Adjustment	01:18:36	1,84%
● relations between client-server-data	01:43:28	2,42%
